SETUP INSTRUCTIONS

Place EZ Up frame in the center of the area to be sheltered. With partner on opposite side, grasp two outer legs, slightly lift off ground an step backwards, stopping at full arms' length – approximately $\frac{3}{4}$ its total size.

Grasp the bottom of the diamond shaped area of trusses on the opposite sides by the "OPEN" sticker. Lift up and step backwards until shelter is fully opened, being careful not to pinch fingers.

In order to ready auto slider, pull hook & loop corners away from the frame as shown. Engage auto slider at each corner by pushing up on trusses while holding down on top of leg with other hand until pull pin engages. Pull down hem of top and repeat on other legs.

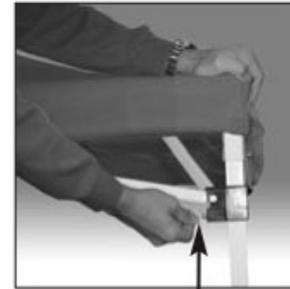

Lift two adjacent outer legs up 1" and slide out the inner legs until the snap button locks. Repeat on the opposite legs – make sure to do two legs at a time.
